COCTYC EXECUTIVE MEETING
106TH CONFERENCE
HOLIDAY INN, LOUISVILLE, KENTUCKY
THURSDAY, OCTOBER 5, 1989

Members present: Jay Bardole, Ralph Burns, John Clevenger, Elliott Greenberg, Richard Jones, Leo Kling, Mike Knoll, Duane Sell, Katherine Weissmann

Guests present: Terri Nally and Margot Schumm

The meeting was called to order at 4:10 p.m. by the Chair-Elect, Elliott Greenberg.

APPROVAL OF MINUTES OF THE 105TH CONFERENCE

The minutes of the Executive Committee meeting held at La Mirada, California, were approved as presented in the agenda book (pgs. 3-5).

POLICIES AND PROCEDURES

The Chair has received two applications for the position of Chair-Elect for 1991.

OLD BUSINESS

Biennial Conference

Leo Kling reported that plans to hold two 2YC₃ symposia at the Biennial Conference in Atlanta were progressing well. It was agreed to hold a 2YC₃ dinner and invite a speaker. Leo was warmly thanked for his efforts.

Advertisements in the Newsletter

Leo Kling reported that several companies were interested in placing advertisements in the 2YC₃ Newsletter. He suggested that the advertising occupy a maximum of 10 percent of the total space in a given newsletter. He also suggested the following guidelines.

- (1) Advertisers must be Industrial Sponsors.
- (2) Advertisements must be submitted in camera ready copy.
- (3) Advertisements must be only in black ink.

A discussion of fees ensued. It was decided to check with Truman Schwartz to see if there is an ACS policy prohibiting paid advertising in publications such as our newsletter before we discuss fee structures and develop guidelines for accepting advertisements. Leo agreed to do this. Terri Nally did not know of any obstacles, and supported the concept. Leo will head a committee to draft guidelines and recommend a fee structure.

Secretary-Editor

The need for, and also the duties and responsibilities of a Secretary-Editor were discussed. Most of the committee members present were in favor of establishing such a position. The question of funding another position was also discussed. Paid advertisements in the newsletter

could provide the revenue needed to add the position of Secretary-Editor. The term of office would most likely be for three years. A committee was established to examine the Policies and Procedures to determine how the duties of other officers, particularly those of Chair and Chair-Elect, would be effected by the addition of a Secretary-Editor. The members of this committee are John Clevenger, Elliott Greenberg, Mike Knoll, Margot Schumm and Kathy Weissmann. The committee will present a report at the 107th meeting. Leo Kling suggested that, if funding is available, the position of Secretary-Editor be activated no later than January 1991.

Proceedings

As a service to those who cannot attend meetings, it was decided to reemphasize publication of the proceedings of the meetings in the Distillate. Terri Nally approved of the concept, but pointed out that the budget for the Distillate had been cut. There were only two issues in 1989. The Program Chair for the next meeting will be contacted and asked to obtain an abstract from each speaker. The standard ACS abstract form will be recommended.

Long Range Planning/Organizational Improvement

Kathy Weissmann started the discussion by raising several questions; what are the needs of two-year college chemistry faculty? how can we help to meet these needs? how can we best reach out to colleagues and new teachers? Duane Sell expressed deep concern at some of the comments made by reviewers of our rejected NSF grant application. It was felt that these reviewers did not understand the needs of two-year college faculty. It would help to have two-year college faculty involved in the review process. Ralph Burns pointed out that workshops on grant writing are being offered at the ACS national meetings and that some universities were thinking of offering such workshops. Elliott Greenberg announced that we are going to conduct a half-day workshop on writing grant proposals at the Boston, Massachusetts, conference next April. John Clevenger suggested that we run our own workshops to meet more of the specific needs of our members. The consensus was that we should consider scheduling such workshops during the summer when more people can take advantage of them.

Survey Results

John Clevenger reported on the most recent responses to the survey on the strengths, weaknesses and future directions of 2YC₃.

Future Conferences

Elliott Greenberg reported on the status of future conferences. Sites are still needed for Eastern Regional conferences in October 1991, the 115th, a second in May 1993, the 123rd, and a Western conference in April 1992, the 117th. The site for the 112th conference, April 1990, that was to be held at Roxbury Community College has to be changed. The new site may be Bunker Hill Community College.

NEW BUSINESS

Budget Matters

Duane Sell presented the preliminary annual budget for January 1 to December 31, 1990. He introduced a letter from Terri Nally, Office of Two Year College Chemistry, requesting funds from 2YC₃. She requested \$1000 to cover the expenses associated with producing, printing, and distributing the 2YC₃ agenda books, and a \$2500 matching grant to meet the projected \$5000 costs of printing and distributing supplementary materials for the "Guidelines for Chemistry and Chemical Technology Programs in Two-Year Colleges," for a total amount of \$3500. It was

approved that \$800 for the agenda books and \$1200 for the guidelines be appropriated in budget (calendar) year 1990, and \$1200 for the guidelines in the 1991 budget year. The budgetary impact of this expenditure was discussed. It was suggested and accepted that the amount allocated for the 2YC₃ Newsletter be cut from \$3800 to \$3000 to provide the additional money ACS was requesting. The budget will be revised and redistributed for further discussion at the next meeting in Gulfport, Mississippi.

2YC₃ Representation on ACS and other National Committees

Elliott Greenberg was disturbed because 2YC₃ had not been represented at the NSF Workshop on Science, Engineering and Mathematics. It is his view that 2YC₃ should be asked to recommend people from our organization to provide the two-year college chemistry perspective at such workshops. We should also be included in ACS and DIVCHED task forces that deal with two-year college chemistry issues. Jay Bardole and others felt this would come in time if we encouraged more two-year college faculty to serve on DIVCHED committees.

Committee Appointments

The terms of some members of the Committee on Chemistry in the Two Year College expire at the end of 1989. John Clevenger has contacted most of the affected individuals, most of whom agreed to continue to serve. There are a number of openings and the committee members in the regions where new committee members are needed will be asked to suggest qualified candidates.

ADJOURNMENT

The meeting was adjourned at 6:41 p.m.

Respectfully submitted,

Margot K Schumm per ELY

Margot K. Schumm, Chair-Elect, 1990

COMMITTEE ON CHEMISTRY IN THE TWO-YEAR COLLEGE
106TH CONFERENCE
JEFFERSON COMMUNITY COLLEGE, LOUISVILLE, KENTUCKY
FRIDAY, OCTOBER 6, 1989

ATTENDANCE

There were 30 persons in attendance at this meeting.

OPENING

John Clevenger, Chairperson, opened the meeting at 9:30 a.m. and introduced members of the Executive Committee.

Leo Kling and Duane Sell made a few comments promoting Industrial Sponsors and College Sponsors, respectively.

John Clevenger passed around the directory of two-year college faculty members, and asked everyone to update the listings therein.

MINUTES

Margot Schumm moved, and Leo Kling seconded the motion that the minutes of the previous meeting at Cerritos Community College be approved as presented in the agenda book. Approved by voice vote.

REPORTS

John Clevenger briefly noted the reports in the agenda book. He also commented on the portion of the program relating to writing proposals for grants from the National Science Foundation. Elliott Greenberg noted that there will be a half-day workshop on writing grant proposals at the Boston, MA conference in April 1990.

OLD BUSINESS

Survey

John Clevenger referred to the survey form on page 33 of the agenda book and indicated that this is part of an effort to determine how the organization can improve on what we are doing. He passed out survey forms and asked those who had not already done so to respond. There was some discussion of the factors affecting attendance at conferences, and what we need to do to attract those persons not attending. A show of hands indicated good interest (approximately a 60% majority) in a summer conference. It was noted that there were some new people here attending their first conference. It was suggested that the Newsletter contain an invitation for new faculty members to attend the conferences.

NEW BUSINESS

National Chemistry Week

Katherine Weissmann spoke about National Chemistry Week and displayed the kit that has been sent to local sections by the ACS. She briefly mentioned the promotional items in the kit.

Local Groups

The difficulty in travelling to conferences was mentioned, and it was noted that there were quite a few local groups around the country. Various people mentioned groups in Alabama, Michigan, Kansas, St. Louis, California, Illinois and New England. It was suggested that we try to collect information on these groups and publish a listing in the Newsletter.

Conference Proceedings

Leonard Grotz expressed a desire for the publication of conference proceedings. A very good show of hands indicated a strong sentiment for receiving abstracts of papers presented at conferences. This is to be done in the Distillate, and a renewed effort was suggested.

Attendance Incentives

Cullen Johnson inquired about the possibility of awarding incentives for attending conferences.

ANNOUNCEMENTS

NSF Support

Ted Reid suggested that NSF be contacted and asked for possible support of worthwhile projects.

Future Conferences

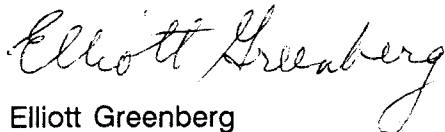

Duane Sell noted that the next Midwestern conference would be held at Elgin Community College, Elgin, Illinois, in October 1990, and urged all to attend

James Knight announced that next month's conference would be held at Mississippi Gulf Coast Community College at Gulfport, Mississippi, on November 17 and 18.

ADJOURNMENT

The meeting was adjourned at 10:49 a.m.

Respectfully submitted,

Elliott Greenberg

All 2YC₃ members are urged to make suggestions regarding meeting sites,
program personnel, themes and programming suggestions, in writing, to
Executive Committee members and Program Chairs of the specific
conferences. 2YC₃ can function more effectively to serve all community
colleges when all persons participate. We welcome your suggestions.

SURVEY

This survey is not designed to produce a series of numbers to be tabulated, but to gather information about strengths, weaknesses, and future directions for the Committee on Chemistry in the Two-Year Colleges.

We'll use your responses as starting points for discussions at future Committee meetings. Please feel free to make any comments that you believe would improve this organization.

CONFERENCES

What factors influence you to attend a conference?
(Please number in order of importance.)

- Program (overall particular speakers)
- Location (close to your college nice location)
- Funding for your expenses
- Time of year
- Workshops with Conference Other (explain)

What topics would you like to see at a conference in the near future? (Please number in order of importance.)

- New Instrumentation
- Developments and Applications of Learning Theory
- Effective Instructional Techniques
- New Course Designs/Content
- Lecture Demonstrations
- Articulation with other institutions
- Hazardous Materials Management
- Grant Writing Other (explain)

Would you like more workshops at the conferences?

- Yes No

If you answered yes: What topics would be useful?

When should they be scheduled?
(Please number in order of importance.)

- Friday afternoon Saturday morning
- Saturday afternoon

What could be changed about the conferences to make them more useful to you? _____

If you have never attended one of our conferences, please briefly explain the reason(s). _____

What could our organization do to make the conferences more attractive to you? _____

Additional comments about our conferences _____

PUBLICATIONS

This Newsletter is our primary means of communication with you. What do you like most about it?

What additional things would you like to see included? _____

We also contribute (financially and 2YC news) to the publication and distribution of the *2YC Distillate: A Newsletter for Two-Year College Educators*, published by the American Chemical Society.

Do you receive the *Distillate*? Yes No
If not, could we add you to the *Distillate* mailing list?

- Yes No

For that part of the *Distillate* relating to 2YC₃:
What do you like most? _____

What additional things would you like to see included? _____

Additional comments about our publications: _____

THE ORGANIZATION

Are you now a member of 2YC? Yes No
If you are not a member of 2YC, please briefly explain the reason(s). _____

We are trying to *actively* involve more people in this organization. How could we encourage you to take a more active role? _____

Additional comments about our organization: _____

What Could Be Changed About Conferences

smaller/less elaborate in smaller regions/minimize travel & leave

current topics of student life and careers

emphasis on how "experts" present a topic (e.g. acid/base-equil)

continue to do what is timely

KC Kansas just fine

open forum

small group discussion [2]

-----(topics: motivating students, test anxiety, etc.)

better accomodate technician instructors

closer to home[2]

one day format

employment/ bulletin board/ interviews

schedule other than school time

------(no substitutes available/difficult to leave during regular
school year)

nothing-timing is good, variety of locations is good

keep speakers on schedule

I think you do a good job

In addition to books, could video publishers show their wares

more opportunity to interact with other participants - mixers

Why Haven't You Attended

time & money-several smaller local ones may be useful [3]

I just began teaching chemistry

time and location

What Could Make Conferences More Attractive?

funding/travel subsidies(NSF, NSTA, NIH) [7]

---one doesn't need to attend every year

coordinate with state organization

conference near Chicago, or Wis., Minn.

more convenient arrangements for lunch

good workshop on Sat. afternoon/makes it worthwhile to come

funding [several times]

travel stipends

{continued next page}

October 17, 1989

more demonstrations
different time of year [4]
---- during breaks or summer
--- midwest in spring(late April to mid May)
good exhibitions - bigger
tours of local culutal & social events

Additional comments

how can we include more H.S. teachers
tours of cultural and social events in area/ other groups do this as well as
the business meeting
technician instructors need more help than others, yet seem to be ignored
they're great-keep up the good work
great diversity of topics to cover needs of all
distribute roster of attendees
good workshops on Sat. aft. make it worthwhile to come

PUBLICATIONS

What Do You Like About The Newsletter?

future meetings/program announcements [14]
news [7]
it reminds me I'm part of a family
informative and up-to-date
this is the first Newsletter that is more than a conference announcement
brevity and concise
knowing what is happening and what to expect at each conference
very thorough
format
timeliness-4 times/yr

What Additional Things Would You Like Included?

articles in addition to conference programs [2]
-----textbook reviews
-----available grants
-----new recruitment ideas
-----budget & planning
-----salary scales at 2yr schools
-----essays
-----letters from members
----- dialogue among H.S./2yr/4yr
-----new ideas on instruction and lab ideas

{continued next page}

October 17, 1989

-----info. on fellow teachers/interests/specializations/ more
communication/fellowship

----- more activities reports for technician instructors

-----short news of research topics

-----news about local 2YC₃ type groups

-----community outreach ideas

is it needed/combine with Distillate?

meeting agendas 6 months in advance

abstracts/summaries of various conference topics

meeting results - decisions, etc.

What Do You Like Most About The Distillate?

crossword puzzle

news

key points of meetings

general information

I read it cover to cover

updates on conferences

abstracts of papers/keypoints [3]

critical comparisons of video-tapes available

aids in my teaching

What Additional Things Would You Like Included?

more material

book reviews/curriculum planning

projects/techniques

new ideas on instruction/computer software

salaries and benefits at other colleges/ curriculum changes/ problems with
quarter to semester movement

receive more often--"quarterly" publication seems to be annual

aids to my teaching

more computer applications

Additional Comments

excellent

Distillate should be published more frequently

THE ORGANIZATION

Member of 2YC₃ Yes (40) No (3)

If Not, Explain

no conf. I can feasibly attend in next 2-3 yrs

October 17, 1989

How Could We Encourage A More Active Role?

not easy/ many thinking retirement not more involvement
financial aid

continue to invite participation & be open and friendly

keep reminding me of committees and task forces

I have no travel money/ is there something to do while staying at home?

offer more rewards like money

let me know what I can do

ask me to help with committees, etc

Additional Comments

establish a local Bulletin Board Service

thank you for this opportunity and for your efforts

great, I appreciate the interaction with other 2-yr college teachers

concern about increasing spending of funds with little observed benefits to
organizational

more NSF funding for special projects
